Tally.ERP 9 - Experience the power

Tally.ERP 9 delivers rich new set of product functionalities and technology capabilities.

Highlights of Tally.ERP 9

❖ **Remote Access (New!):** Access your business data from anywhere in the world.

- ◆ Access data from anywhere – even with Tally.ERP 9 installed in educational mode (no need to buy another license).
- ◆ Access your data from a customer's or supplier's location to check up on dues and inventory – improve receivables and inventory control.
- ◆ Your travelling salesmen can access customer information, stock position and place orders (creating vouchers Remotely is coming soon) – improve sales efficiency.
- ◆ Authorise your Chartered Accountant to access data – he can use the Tally.ERP 9 - Auditors' Edition to audit your books as well as offer professional advise and other compliance services.

❖ **Integrated Support Centre (New!):** From within Tally.ERP 9, raise your queries to Tally, your service partner, your Chartered Accountant and others. See responses as well – even via remote access. As an owner you get to see the various queries raised across your organisation.

❖ **Control Centre (New!):** You can manage your license on your own (surrender, re-activate and so on) as well as easily distribute custom code (TDL's) and prevent their misuse.

❖ **Tally.NET (New!):** The technology which powers the above mentioned capabilities through the Internet and also delivers a variety of special services to help your business.

❖ **Integrated Test Engine (New!):** Recruit skilled personnel by conducting online tests and evaluate their product knowledge and skill.

❖ **Excise for Manufacturers (New!):** Comprehensively covered yet simplified module supports multiple manufacturing and trading excise units in a single company.

❖ **Tax Deducted at Source (Enhanced!):** To handle all statutory and business requirements in a simplified manner.
